

## International Faculty Development Course (IFDC)

# IFDC Experience Course

–June 2026–

## Call For Audience Participants

**15 June 2026 | 9:30–15:15 (Thailand Standard Time)**  
**via Zoom**

This is a one-day course featuring the fields of Cariology and Operative Dentistry, and Periodontology led by experts in these fields from Institute of Science Tokyo. Science Tokyo is consistently ranked as one of the top dental schools in the world, frequently placing in the top 5 globally and 1<sup>st</sup> in Japan.

**Participants will have the opportunity to watch their peers' clinical case or research project presentations, listen to personalized consultations and guidance from our faculty, and participate in discussions, which might be useful for their careers.**

Please note: This course targets newcomers to experience IFDC, while welcoming former IFDC/EECD participants.
